This is a great condominium for a single person or a couple and offers affordable living. It is in amazing shape and pride of ownership is evident. Walk into the spacious entrance and into the nicely laid out kitchen, which offers plenty of cabinets and counterspace, the wall has an open area, so it's open to the dining area and living room, making this a great space to spend time with the family or entertain your friends. Off the living room, you'll find patio doors that lead to an outside space that is very private and has a great view too. The primary bedroom is a decent size and there is also a full bathroom. There is plenty of closets and storage options within the unit. There is one assigned parking stall (#16) and a good amount of visitor parking. No pets allowed.
